

WEDDING PLANNING FORM

This form was designed as a planning worksheet to assist in coordinating your plans for the men’s attire for your wedding. Fill in the form and bring it with you to your Tuxedos by Savvi retailer to streamline your planning process.

STEP 1: GETTING STARTED

Print this form and complete your personal information.

STEP 2: SELECTING YOUR WEDDING DAY ATTIRE

In most weddings, all the men wear the same style coat, pants and shirt. The groom is often differentiated from his attendants by the color of his vest and/or tie. In some cultural traditions, the groom will wear a different color tuxedo or style of coat in order to stand apart from his men. The above suggestions do NOT apply to weddings of ultra-formal, traditional etiquette, where gentlemen wear the Cutaway, Stroller or traditional “White Tie & Tails.” In these cases, all men are attired exactly the same.

When deciding who to include in your wedding party plans, be sure to consider all of the family members who will be appearing in your wedding pictures.

Visit our style gallery on MyTuxedosBySavvi.com and view the latest in designer formalwear. Use our unique Bridesmaid Dress color matching tool to find the exact match for accessories. Record your preferences on page 2 of this form.

STEP 3: VISIT A STORE

Bring your notes with you as you visit your Tuxedos by Savvi retailer to set up your account. If a swatch of either the bride’s gown or bridesmaids’ dresses are available, it is helpful to bring those to your consultation. Register on MyTuxedosBySavvi.com to get your groom’s tuxedo rental free!

STEP 4: GETTING THE GUYS MEASURED

Ask the gentlemen in your wedding to get measured at any formalwear or menswear specialist in their area. This service is frequently provided at no charge. They should print the measurement form, available on our website, and bring it with them. They can then fax or call their measurements into your Tuxedos by Savvi retailer at least one month before your wedding, so that the orders can be prepared for delivery.

WEDDING PLANNING FORM

ROLES	NAMES	TUXEDO PREFERENCE	ACCESSORY PREFERENCE
GROOM			
The Groom often wears a white or ivory vest to compliment the bride's gown and stand apart from the men in his party. Silver is a common alternate. His accessories are often lighter in color than the rest of the party.			
BESTMAN			
The Best Man typically wears the same ensemble as the other groomsmen.			
GROOMSMEN			
The groomsmen typically wear a vest and tie that compliments the color of the bridesmaids' dresses. Sometimes they wear a neutral color like platinum, champagne or black.			
JR. GROOMSMEN			
The Jr. Groomsmen are young men as part of the wedding party and would be dressed identical to the rest of the groomsmen.			
USHERS			
It is recommended to have one usher for every 50 to 75 guests. Ushers typically wear the same styles as the groomsmen, but are often distinguished by black accessories.			
RING BEARER / CANDLE LIGHTER			
The ring bearer style choice is dictated by the flower girl. If she is dressed in white or ivory, the ring bearer would dress identical to the groom. If she matches the bridesmaids, he will match the groomsmen. The youngest recommended age for a ring bearer is 3 years.			
FATHERS			
Typically, both fathers are attired the same, wearing black vests and ties. However, they can also choose accessories that compliment the mothers' gowns. If the Bride's Father is not in attendance, the individual 'giving her away' should be listed here.			
STEPFATHERS			
Stepfathers usually wear the same garment as the fathers.			
GRANDFATHERS			
Grandfathers usually wear the same garment as the fathers. They should receive special consideration as their age lends them to more classical choices. A bow tie is always appropriate for 'Grandpa'!			
OTHER
